EDUCATION

MERN Stack Web Development
The Last Mile
2020 – 2021

- Design and develop full stack applications using the latest trends in object oriented programming from the bottom up.
- Recognized for exceptional marks in design principles and user experience.

Teaching Assistant
The Last Mile
2021-2022

- Aided students with understanding coding functionality and supported them towards success.
- Created handouts and checklists to support organization and time management.
- Demonstrated coding concepts and reteached coding scenarios based on classroom needs.
- Provided one on one sessions and assisted with students with errors, debugging and problem-solving.
- Graded students work and provided constructive feedback to promote growth.

RELEVANT EXPERIENCE

Microsoft Office Specialist Teaching Assistant
Greenbush
2018-2020

- Assisted students with understanding the Microsoft Office suite systems.
- Prepared students for the official Certiport test to earn their specialist and masters certificates.
- Created handouts for extra understanding and provided one on one personal assistance when needed.

CERTIFICATES

Workforce Readiness
2020

- Facilitated peer groups of up to 20 participants to improve leadership skills and communication.
- Efficiently documented management systems for maximum performance in the classroom.
